## OUTLINE DRAWING

## ELECTRICAL DATA

|                                 |                                           |
|---------------------------------|-------------------------------------------|
| Impedance                       | 50 Ω                                      |
| Frequency                       | 0-40 GHz                                  |
| VSWR                            | $1.50 + 0,0000 \times F(\text{GHz})$ Maxi |
| Insertion loss                  | $0.12 \sqrt{F(\text{GHz})}$ dB Maxi       |
| RF leakage                      | - ( - F(GHz)) dB Maxi                     |
| Voltage rating                  | 335 Veff Maxi                             |
| Dielectric withstanding voltage | 500 Veff mini                             |
| Insulation resistance           | 5000 MΩ mini                              |

|                       |              |
|-----------------------|--------------|
| Operation temperature | -65/+165 ° C |
|-----------------------|--------------|

## MECHANICAL INFORMATION

## MECHANICAL INFORMATION

|              |                 |
|--------------|-----------------|
| Mating End   | NA N mini       |
| Opposite end | NA N mini       |
| Torque       | NA N.cm mini    |
| Mating life  | 100 Cycles mini |
| Weight       | 0,7600 g        |

## MATERIAL INFORMATION

| COMPONENTS                                                     |          | MATERIALS               |      |     | PLATINGS (mm)                     |      |      |                                                                                                                                                         |
